

Standard 1st to 3rd 9months 36hrs Session				
	1hr	Orientation and Importance of Learning Robotics		
	1hr	Activity on Electric charges(Concept of AC and DC Current, Caution about AC Current)		
	1hr	Activity on flow of Electric charges - Current and its measuring Unit	Battery and its Types and Sizes	
	1hr	Activity on storing of Electric charges(Cell) - Voltage and its measuring unit	Presenting different types of batteries	
	1hr	Diff between Cell and Battery, Diff types of Batteries and Diff sizes batteries.		
	1hr	Activity: Make your own Battery. Conductors and Insulators		
	1hr	Concept of LED, types of LED and it's Characteristics, Simple electric circuit using LED and Coin Cell		
	1hr	Concept of Buzzer and it's Characteristics, Simple electric circuit using Buzzer and Coin Cell		
	1hr	Introduction to solderless breadboard and its types, turn on LED Challenge Activity		
	1hr	Breadboard Challenges I - RR,CC, Parallel		
	1hr	Breadboard Challenges II - Row to Column		
	1hr	Bread Board Test		
	1hr	Activity and Execution of LEDs Parallel Connection		
	1hr	Parallel Connection Challenge Activity.		
	1hr	Activity and Execution of LEDs Series Connection		
	1hr	Series connection challenge		
	1hr	Activity and Concept of ON-OFF Switch with LED/Buzzer Trainer Execution		
	1hr	Activity and Concept of ON-OFF Switch with LED/Buzzer Students Execution		
	1hr	Activity and Concept of Slide switch with LED/Buzzer Trainer Execution		
	1hr	Activity and Concept of Slide switch with LED/Buzzer Students Execution		
	1hr	Activity and Concept of Slide switch as Indicator with LED/Buzzer Trainer Execution		
	1hr	Activity and Concept of Slide switch as Indicator with LED/Buzzer Student Execution		
	1hr	Activity and Concept of Push Button with LED/Buzzer Trainer Execution		
	1hr	Activity and Concept of Push Button with LED/Buzzer Student Execution		
	1hr	Activity and Concept of Motor with switch and Propeller Trainer Execution		
	1hr	Activity and Concept of Motor with switch and Propeller Student Execution		
	1hr	Activity and Concept of DC Water pump Motor with switch and Propeller Trainer Execution		
	1hr	Activity and Concept of DC Water pump Motor with switch and Propeller Student Execution		
	1hr	Team Wise Projects concepts finalization and revision	Project	
	1hr	Team Wise Projects Breadboard Prototype Execution	Project	

	1hr	Team Wise Projects Breadboard less Prototype model making	Project	
	1hr	Team Wise Projects interfacing model and circuitry and Testing	Project	
	1hr	Team Wise Projects interfacing model debugging the code and fixing circuitry issues	Project	
	1hr	Team Wise Projects explanation and Presentation preparation	Project	
	1hr	Mock Exhibition	Project	
	1hr	Year-end Robotic Exhibition @ School	Project	
Total	36hrs			
		LED TOURCH	MINI FIRE CAMP	
		PAPER CIRCUIT	DC MOTOR FIDGET SPINNER	
		HAT MODEL	CATCH THE BALL	
		LED BADGE	HELIPAD MODEL	
		LED MASK	FLOATER	
		LED WRIST BAND	TOY TRAIN	
		FIRE ALARM	MINI CAR	
		MINILIGHT SABERS		
		DISCO BULB		
		CHRISTMAS STAR		
		BOTTLE CAP KEY CHAIN		
		TABLE LAMP		
		DECORATIVE PHOTO FRAME		
		TABLE LAMP		
		DECORATIVE PHOTO FRAME
